KMG Business Technology

Award Sponsor :

National Process Pvt. Ltd.

ABOUT THE EVENT

Welcome to the world of **PMTS**. A tool fit world.

We believe in the simple philosophy, let the need meet supply.

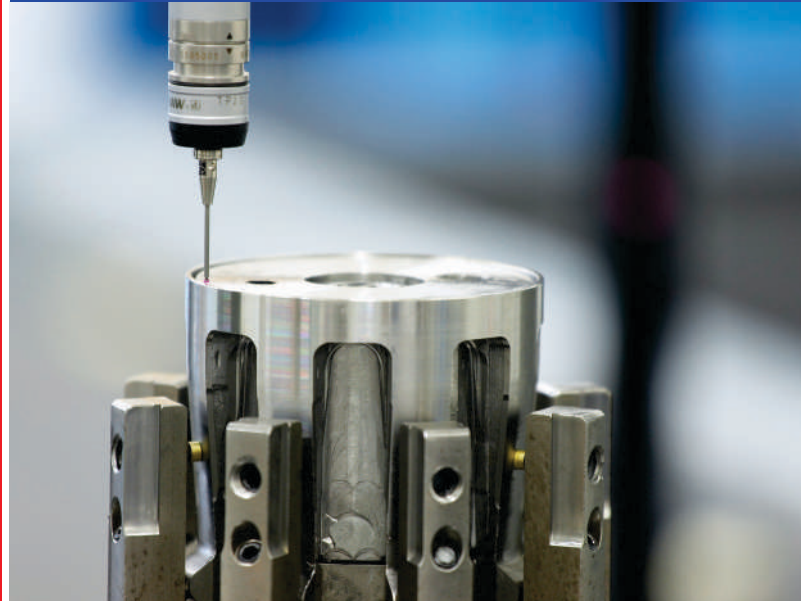

And yes-we do not produce Leaders. But We share how together we can succeed. It has come with time and experience that the people of machine world know **PMTS** as one stop destination for every mechanical aid. The core value being -together we must grow and expand.

Our first effort begun in mid nineties when a group of young entrepreneurs possessing contemporary educational qualification took this initiative. And today we stand tall as a fully diversified company. The company's existence made a remarkable impact by introducing a unique event **PMTS, ENGIMACH** and **IMTOS**, which were the general platforms, where buyers and sellers could mutually discuss and exchange their views and business needs.

In the last three editions, **PMTS** has acclaimed International Focus and Participants.

We thank all our team, our clients and Participants for their trust and support.

PMTS is a customized trade fair organized keeping in view specific concerns and wide scope of corporate goal achievements. The Participants being domestic and global players enhance a scope for promoting and empowering industrial sector. Statistically the event attracts a mass of at least fifty thousand Business visitors.

The PMTS 2012 is a 4 day event showcasing the latest trends and technologies available in the world machine tool market. It is today regarded as one of the most Dynamic Industrial Exhibitions. Around 150 exhibitors have been enlisted as potential participants where the providers of machine tools, machinery and services would come together and make it an exposition where besides business there will be a transfer of knowledge as well. PMTS 2012 accommodates as many as 150 national and international companies in an area of 14000 sq. meters. International visitors from countries like UAE, China, USA, Germany, Korea, New Zealand, Cyprus, Kenya, Ghana etc., visited the PMTS exhibition.

PMTS 2012 will follow the international counterparts and would establish the brand all over the world by ensuring maximum participation from international companies. Visitors will be comprised of decision-makers, managerial level executives, technocrats, as well as technical workforce representing the entire spectra of the manufacturing industry, from India and abroad.

GLOBAL LEADERS

HAAS AUTOMATION INC., DMG / MORI SEIKI INDIA, S & T ENGINEERS, DANOBAT MACHINE TOOLS INDIA (P) LTD., GRIND MASTER M/C PVT. LTD., BFW, MARSHAL SPINNERS, SCHENCK ROTEC INDIA, JANATICS, SHANGHA METROLOGY, MAHR METROLOGY, MACHINE TOOLS ASSOCIATES, HELLER INDIA, BARKLEY, GEDEE WEILER, MIRANDA TOOLS, FARO BUSINESS TECHNOLOGY, GUINDY MACHINE TOOLS, AURAM MACHINE TOOLS, ESSENES MACHINE TOOLS, SPAN FITERMIST, KAESOR COMPRESSOR, FORM DRILL, SUNHER INDIA PVT. LTD., KRISHAN BROTHERS, MECHATRONICS DESIGN, MACHINE TOOLS INDIA PVT. LTD., NARGESIA, MITSUBISHI CARBIDE (MMC HARDMETAL), UCAM, BIPICO INDUSTRIES, BERLIN MACHINE TOOLS, PMT MACHINES, SERVOMAX, are present in India either through their marketing agents, technical centers, service centers or assembly centers. Gauging the level of interest by the international players in the Indian machine tool industry it becomes all the more necessary to launch a definite platform for companies who can exhibit their products for the consumers.

Industries in India have been given a major competition by the engineering sector as it is growing at the rate of 40% amounting to over US \$ 620 million. While the machine tools contributes towards major part of the engineering industry, infrastructure and resources have attracted most of the global players towards India.

Considering the fact that in India, indigenous machine tools have the highest impact on capital output ratios machine tools consumption of Rs.2, 500 crore truly supports the advancement of the country's engineering sector output which is estimated to be worth over Rs.1, 50,000 crore.

Keeping in view the large-scale involvement of exhibitors a special promotional plan is being designed to promote and publicize the exhibition and exhibitors. The exhibition was formally launched in Pune, Delhi and Mumbai and saw an overwhelming response from the industry.

Currently, the Indian machine tools industry has a domestic market size of US\$ 620 million (consumption), ranks 19th in overall world machine tools production. It contributes 0.5 % to overall world production and exports goods worth US\$ 11 million mainly to developed countries.

PMTS 2012 is one synonymous name with the opportunity in western region and India. The motive behind to attend the show is primarily to gauge PMTS and get first hand information on manufactured products. And it provides the opportunity to all the buyers and sellers, the manufacturers and the producers, the industrialists and the dealers to get the business at one stop.

The show not only boosted the machine tools industry but also gave it the much required exposure. Although the Indian machine tool industry does have the potential to grow and has achieved results in the immediate past but activities like these added an international appeal, boosting the financial growth of the sector.

Visitors will be comprised of decision-makers, managerial level executives, technocrats, as well as technical workforce representing the entire spectra of the manufacturing industry, from India and abroad.

For entrepreneurs with vision and seamless ambitions, Pune Machine Tools Show will provide a unique opportunity to see, learn, sell, buy and tie up. It will offer an ideal launching pad for new ideas, products and services, a conducive platform for forging joint ventures and collaborations and an open marketplace to source ideal solutions. In sum, it will be an open-access doorway to the global marketplace.

Leading the way! in Organizing the Industrial Exhibition in India

KMG Business Technology believes in enriching your business and life with new possibilities. Our Trade fairs & Exhibitions are planned and customized to suit your business needs and help generate the maximum footfalls and leads. Our endeavor as a responsible entity in the business networking industry is to ensure cost-effective, productive and thriving business returns (ROI) for our clients. Our mantra to business success is – Connect, Network and Build your business; and we make it possible for you through Trade fairs & Exhibitions.

KMG Business Technology firmly believes that technological empowerment is crucial for the promotion of products and services in a dynamic business environment. Besides offering a vibrant platform for showcasing your business courtesy Trade fairs & Exhibitions; we empower you with the best professional marketing services appropriate for sustained business growth – from conceptualization to planning and execution. Our history of success in organizing state-of-the-art trade shows like ENGIMACH & IMTOS reiterates our passion, skill and experience to cater to a technical audience.

KMG Business Technology is a pioneering initiative by Mr. Kamlesh Gohil & his team of young entrepreneurs. The Management team brings years of diverse experience and a history of success in organizing some of the most successful trade fairs and exhibitions in India that helps showcase your business on a global platform – by meticulous integration of business acumen with technical savoir-faire.

REALIZING YOUR VISION IS OUR MISSION

Our Mission at KMG Business Technology is to support our clients in realizing their Vision of achieving business excellence through dedicated & customized Trade fairs & Exhibitions. Realizing business opportunities to address emerging markets is one of the fundamental aspects of K&D Group's success mantra.

THINK GLOBAL THINK OF KMG!

If you are a business visionary with plans to 'Go Global' besides captivating the domestic market; KMG Business Technology can offer you the perfect platform, the business edge and international exposure required to make it BIG. 60% repeat participation by our patrons speaks for our history of success in Industrial Trade Fairs & Event Management.

WE SUCCEED, WHEN YOU SUCCEED

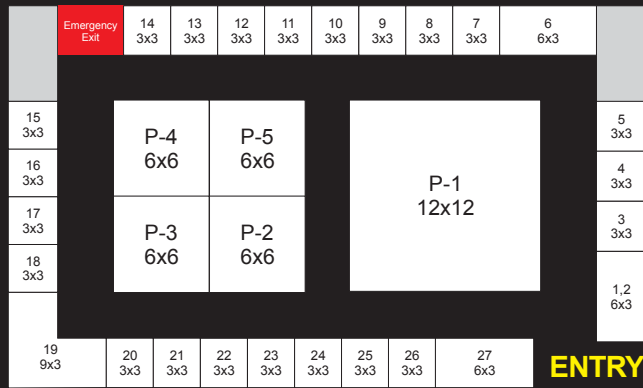

KMG Business Technology believes in empowering you and your business effectively by

- Offering a cost effective and need-based solution for growth and business success.
- Putting together a customized solution for your business where your customers can take advantage of the enlivening and efficient communication platforms created for your trade fairs, conferences, meetings or events; to give your business the required boost.
- Creating a dynamic opportunity for business owners with state-of-the-art technology-enabled trade fairs.
